

RO-RO SERVICE

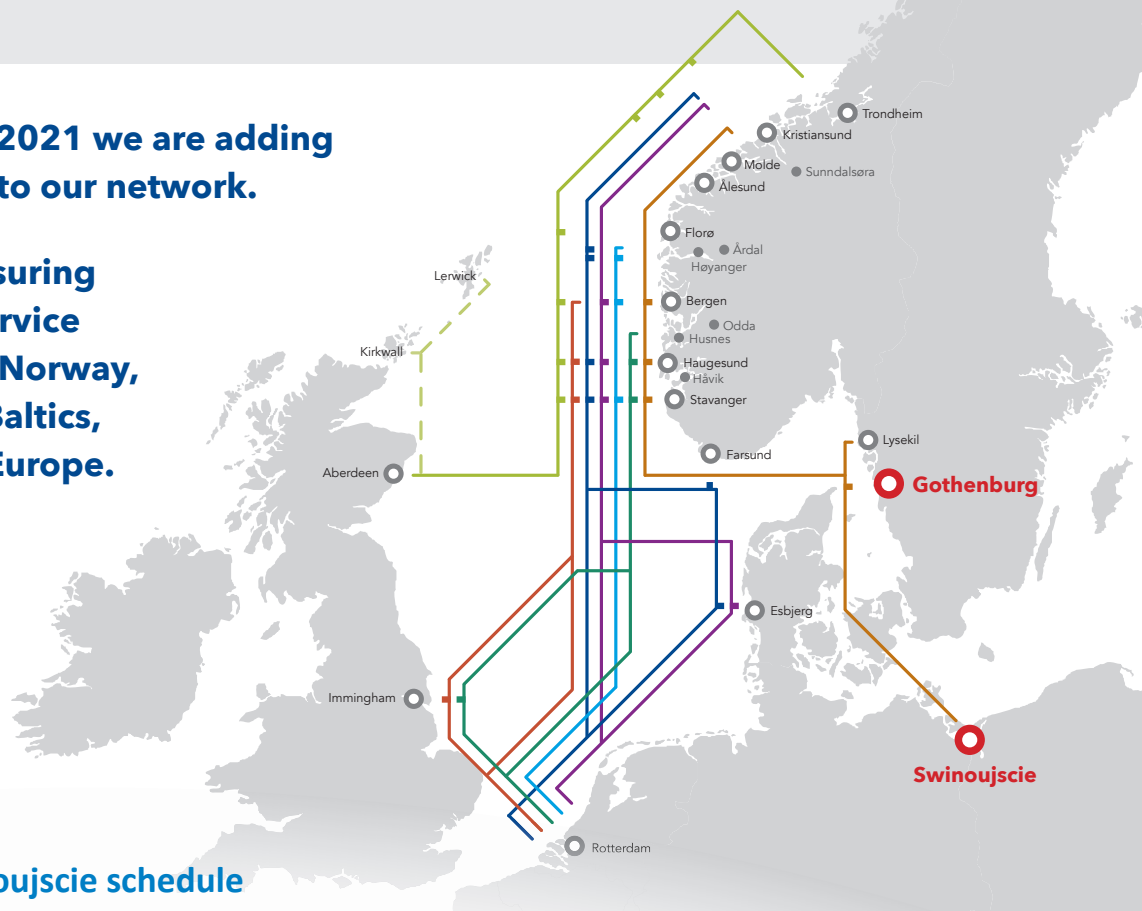

NORWAY - SWEDEN - POLAND

- with direct lines to our Sea-Cargo network

As of 1st of January 2021 we are adding Sweden and Poland to our network.

This expansion is ensuring a fast and reliable service between west coast Norway, Sweden, Denmark, Baltics, UK and continental Europe.

We will be locally present in Poland and Sweden with fully owned and integrated agency offices, with modern terminals within well established and busy ro-ro ports.

Gothenburg and Swinoujscie schedule

From Sweden/Poland				To Sweden/Poland			
Port	Day	ETA	ETD	Port	Day	ETA	ETD
Gothenburg	Thursday		1000	Sunddal	Monday		2300

Stavanger	Sunday	0800		Gothenburg	Thursday	0700	
Haugesund	Sunday	1400		Swinoujscie	Friday	0700	
Bergen	Monday	0900					
Ålesund*	Monday	0400					
Sunddal	Monday	1600					

*The schedule is subject to changes
* By inducement*

Scandinavia's largest port

Sea-Cargo Agencies Sweden will soon be operational in port of Gothenburg, which is strategically located on the west coast of Sweden. The port of Gothenburg has container, ro-ro, car, passenger and oil/energy terminals and the approach time from open sea is just 90 minutes. The port is a natural gateway to the world and has been named Sweden's best logistics location for 16 consecutive years.

Versatile terminal

Logent ports & terminals is a large terminal for import and export of cars and other ro-ro goods. From here there are direct services to for example North America, the Middle East and India, as well as frequent ro-ro traffic to Zeebrugge.

- Full range ro-ro facility
- On-dock railway connection
- Ice-free all year round
- ISPS and CSI classified
- Modern equipment
- Service 24/7 all year round
- CFS for stuffing and stripping of roll trailers and containers

Baltic transit hub

Sea-Cargo Agencies Poland is located in the busy Baltic transit hub of Swinoujscie, with road and rail connections to the central and Eastern European markets. The port is in continual development and has huge potentials with ro-ro berthing, port cranes, cold stores and vast quayside storage spaces available. Sea-Cargo Poland has the ability to move all cargo types, and our staff have the knowledge to arrange and handle a door to door service for your cargo.

Terminal facilities

Euroterminal Swinoujscie has first degree of International Code for Security of Ships and Port Facilities (ISPS) and modern terminal equipment.

The terminal covers a total area of 53 hectares and has two dock basins with six piers. In addition there are three cold stores, plenty of warehouse space and open air storage.

- 27.000 m2 warehouse space
- 300.000 m2 outdoor space
- Railway siding
- 1 mobile crane, capacity 84 tons
- 1 mobile crane, capacity 64 tons
- 2 reachstackers, capacity 45 tons
- 40 forklifts, capacity 2-16 tons
- 2 tractors and fleet of trailers
