

NOTICE TO CUSTOMERS - REVISED BAF

Date: 12th May 2026

Global fuel prices fell last week as markets responded positively to ongoing US–Iran ceasefire discussions. Consequently, the week 21 BAF is set at **98%**, a reduction of 4 percentage points from the previous week.

We will continue to closely monitor and assess developments in the fuel markets. Every effort will be made to mitigate the impact on our customers and to reduce bunker consumption wherever feasible. Updates will be sent each Tuesday for the upcoming week until further notice.

Thank you for your understanding and continued support.
