

NOTICE TO CUSTOMERS - REVISED BAF

Date: 27th May 2026

Global fuel prices remained high but stable last week. As a result, the week 23 BAF remains at **98%**, unchanged from the previous week.

We will continue to closely monitor and assess developments in the fuel markets. Every effort will be made to mitigate the impact on our customers and to reduce bunker consumption wherever feasible. Updates will be sent each Tuesday for the upcoming week until further notice.

Thank you for your understanding and continued support.
