

NOTICE TO CUSTOMERS - REVISED BAF

Date: 7th July 2026

While crude oil prices have remained stable, refined gasoil prices increased over the past week. Combined with a stronger USD, this has pushed the BAF surcharge higher.

Accordingly, the BAF for week 29 will increase to **85.5%**, up 3.5% points from the previous week.

We will continue to closely monitor and assess developments in the fuel markets. Every effort will be made to mitigate the impact on our customers and to reduce bunker consumption wherever feasible. Updates will be sent each Tuesday for the upcoming week until further notice.

Thank you for your understanding and continued support.
