

NOTICE TO CUSTOMERS - REVISED BAF

Date: 18th August 2026

Bunker prices returned to their previous high levels last week.

Consequently, the BAF for week 35 will increase by 3% points from the previous week, to **99%**.

We will continue to closely monitor and assess developments in the fuel markets. Every effort will be made to mitigate the impact on our customers and to reduce bunker consumption wherever feasible. Updates will be sent each Tuesday for the upcoming week until further notice.

Thank you for your understanding and continued support.
