JOIN OUR TEAM IN ABERDEEN

CUSTOMS & LOGISTICS OPERATOR

Sea-Cargo Aberdeen Ltd is a well-established port service provider and liner operator based in the heart of the Port of Aberdeen. We provide a range of stevedoring, warehousing, customs, shipping and logistics services from a modern, integrated facility. Sea-Cargo plays a key component in the port handling over 250,000 tons of cargo per year. As part of the Norwegian based Sea-Cargo Group we also support our liner cargo vessels operating throughout the North Sea to facilitate the movement of goods.

We have an excellent opportunity for a Customs & Logistics Operator to join our Operations team. The successful candidate will play a key role in the coordination of customs clearance activities, operations, and customer service functions. The role requires a proactive and organised individual capable of managing multiple priorities in a fast-paced logistics environment. Given the time-critical nature of customs and logistics activities, the successful candidate must be committed to providing support outside normal working hours when required to ensure operational requirements and customer deadlines are met.

Working closely with customers and customs authorities, the Customs & Logistics Operator will ensure the efficient movement of cargo while maintaining compliance with all customs and statutory requirements. Due to the dynamic nature of the business, the successful candidate will also have the opportunity to support and assist with logistics operations coordination, providing exposure to a broad range of shipping, port, and logistics activities.

Responsibilities:

- Preparation and submission of customs declarations and associated documentation
- Ensuring compliance with UK customs regulations and customer requirements
- Coordinating liner service operations and cargo movements
- Providing a high level of customer service and operational support
- Liaising with customers, hauliers, terminals and regulatory authorities
- Monitoring cargo movements and maintaining accurate operational records
- Assisting with terminal operations planning and vessel-related activities as required
- Supporting the continuous improvement of operational processes and customer service standards

Skills required:

- Customer focused
- Excellent knowledge of UK customs processes
- Knowledge of road and sea-freight shipping
- Excellent communication skills
- Excellent IT literacy
- Able to work effectively as part of a team
- Flexible approach to working hours with a commitment to supporting operational and customer requirements outside normal office hours when necassary

Benefits:

- Company pension
- Life insurance
- Private medical insurance
- Travel insurance

Job type: Full time

This is an excellent opportunity for an organised and motivated individual looking to develop their career within the shipping, customs, and logistics sector while gaining experience across liner operations, customs compliance, and terminal coordination.

Successful applicants will benefit from a well appointed package commensurate with experience.
